## ACC CHURCH CENSUS 2019

Dear ACC Pastor/Administrator,

The ACC National Executive recently reviewed our annual ACC Census and have subsequently revamped and simplified the questionnaire to make it easier for you.

We are asking all our local churches to take part in our annual ACC Church Census with data from the month of November 2019. The data we collect from this survey every year is extremely beneficial for us all. It provides national statistics and trends that present the collective health and strength of our Movement to government, community agencies and the marketplace in general. Your responses provide an extremely helpful source of information to structure and plan for the future, both nationally and locally.

We are asking you to complete and return the enclosed paper Census form for the month of November 2019. Alternatively, you can enter the data online at: **[www.acc.org.au/census](http://www.acc.org.au/census)**.

We are continuing to partner with NCLS Research who will collate the data, following the last five years of successful collaboration. Please be assured that NCLS Research is committed to confidentiality; no individual church data is included in the reports nor released to external parties.

Please complete the Census and return to:

Thank you for your cooperation in making the 2019 ACC Census a successful venture.

Kind regards,
